Be Empowered Throughout Your Health Journey

The Typical Patient Journey

The typical patient journey is divided into various stages of care along a pathway. PEP Health communicates with you at various points along the pathway as shown here.

Legend

Key Date

Clinical staff book an appointment date which is communicated through a notification in the app.

Triage Forms

Received via the app, your forms are easy to locate and complete.

Documents

Detailed Information regarding your condition is delivered to help keep you informed.

Pre-op Task

A pre-op check list is sent so you know what to do.

Appointment Reminder

A surgery date reminder is received with information on how to get to the hospital.

Recovery Questionnaire

To ensure you are recovering properly, a feedback questionnaire is sent from your care team.
